

Rain

Music & Words by Claas Fischer

1.

And as for love
Rain sought solution
Pouring down all over me.
And as for love
Came revolution
In the name of constancy.

We met in summer
By the fire
Guessing places of the stars.
Two familiar faces
Lit up by desire.

Chorus:

Let it flow, flow, flow, let it go, and watch it grow!
Let it flow, it knows where it belongs.
Let it run, run, run, let it be done, it's just begun.
Let it run, it's one of its marvellous songs.

2.

And as for love
Paint brought elation
Gracing your body vibrantly.
And as for love
Came revelation
There's only beauty that I see.

We sat together
Close and tight,
Lost in the tenderness of hands.
Two hearts touching
Under starlight.
