

# A prayer

*Music & Words by Claas Fischer*

1.

Ashgrey dreams and frozen pain  
Wings got broken, heart got slain  
Angel of love, misled, denied and vanished  
Recovered, embraced and reborn  
Open your eyes, delight us with your smile  
Dance, rejoice, bewitch the vile  
Set it free but ensnare it tight  
With ribbons of blessing and light.

2.

Betrayed soul, deprived creed  
Tongue got split, eyes still bleed  
Angel of love, abused, ignored, inhumed  
Revived mouth-to-mouth and reentombed  
Open your eyes, heed us with your care  
Let us soar with the shadows and chant with the killed  
Let love live and wonders be fulfilled.
